Thanks once more to the PC programming skills of Lars Rasmussen of Denmark, EG resumes its pioneering publication of complete listings of 5-man positions of reciprocal zugzwang. This time it is the turn of the GBR class 0004.10, or S+P vs. S. As usual when the number of positions - 4121 in this case - is large, the list is presented in two sequences. The sequences in this case are: by K-position within the 24 distinct P-positions; and by ascending BTM-W-wins solution depth. Serial numbers are on the left, depth values are on the right. When the *win* requires just a very few moves the solution may not be hard to discern, but the concomitant WTM *draw* will mostly be very tough to determine by unaided human analysis. As most of the wins are in any case deep indeed, we may have to wait for many years before composers and others can make significant use of this flash flood of data. In 1996, when the majority of entries for the triennial FIDE Album selection tourneys are still submitted in handwritten form, the necessary access to computer-generated endgame databases, essential to have even the chance to make sense of the material to be found below, remains limited. If the day ever comes for such access to be commonplace, will it then be *fun*? Science and technology may trumpet that through them the whole truth of this or that chess domain is now public knowledge, but will these positions of necessity mostly be excluded from the *art* of chess?

EG Subscription

EG is produced by the Dutch-Flemish Association for Endgame Study ('Alexander Rueb Vereniging voor SchaakEindspelstudie') ARVES. Subscription to EG is not tied to membership of ARVES.

The annual subscription of EG is NLG 35 (Dutch guilders) for 4 issues. If organizational problems make the production of 4 issues in one year impossible, the subscription fees are considered as payment for 4 issues.

Payments should only be in NLG and can be made by bank notes, Eurocheque (please fill in your validation or guarantee number on the back), postal money order, Eurogiro or bank cheque.

To compensate for bank charges payments via Eurogiro or bank cheque should be NLG 41.50 and 55 respectively, instead of 35.

All payments can be addressed to the treasurer (see Editorial Board) except those by Eurogiro which should be directed to:

Postbank, accountnumber 54095, in the name of ARVES, Laren (NH), The Netherlands.

It is of course possible to save charges by paying for more years or for more persons in one country together, like some subscribers already do.
